

Exaltation

Written by Timothy Rudge | Even Now Album

I'm singing Holy,
Because it takes me from the throne,
I am not the great I Am,
I'm singing Holy

Because I keep seeing other sides of Him,
I'm singing Holy

See, I've seen the face of God,
I'm singing Holy,
I've been caught in this eternal chorus,
Singing together with thousands upon thousands that went before us

We are singing with the richest of men to the poorest,
Oh God, you are Holy,
Because when it's all said and done,
And every song has been played,
And there's nothing left to say, I'll just whisper His name,
Because when we whisper the name,
The dead stroll out their graves,
Listen, at the mention of His name things have to change

And still today, it's His name that breaks chains,
And it's His name that frees the slave,
I'm alive because He spoke into the clay,
So now I'm just giving Him back what He first gave,
You are Holy

I'm singing it because it's all I've got left to say,
You are Holy

North to south,
East to west,
You are Holy

You've always been, and you always will,

HOLY, HOLY, HOLY.
